

Part Number: BLOF-P03-24SX

LC, Duplex / SC, Simplex Patch Panel, Fixed Type, 24 Port

Product Description

- Fiber-Mart 19" ODF rack mount can be installed on standard 19" racks and currently being widely used in optical fiber distribution frames.

Features

- The shell is high intensified & insulated material, thus having excellent mechanic performance and it is solid and durable.
- Fiber in put: 4.
- Adapters output: 24.
- Strength core and shell was Insulation, add with grounding lead
- Can be installed against wall.
- Full accessories for convenient operations.

Applications

- Fiber to The Point (FTTX)
- Fiber to The Home (FTTH)
- Passive Optical Networks (PON)
- Local Area Networks (LAN)
- Cable Television (CATV)
- Test Equipment

Technical Specifications

Specifications

Environment temperature	-25°Cæ~+45°Cæ
Relative humidity	≤word 85% (30'Cæ).
Atmosphere pressure	70-106KPa
Insulated Resistance	≥32x 10MΩ/500V (DC)
Intensity	≤15KV(DC)/1 minnow spark-over and no flying arc
Fiber bending radium guaranteed more than 40mm	≥40mm.
